PROBLEM IDENTIFICATION AND RESOLUTION:**Agency Background:**

The City of Tempe has a current population of over 164,000 with an incorporated land area of almost 40 square miles. Tempe is the home to the Arizona State University which is situated in downtown Tempe, having a current student enrollment over 76,000 with over 60,000 of them being on the Tempe campus. This places ASU as the number one largest public university campus. Tempe has also become landlocked and has designed future growth by expanding upwards. The City of Tempe has recently opened several residential apartment buildings, condominium complexes as well as hotels. There are several major projects underway and still others in the planning phase. New restaurants, bars, entertainment and retail space are also integrating in these projects. These developments will continue to bring large amounts of traffic volume to the City of Tempe.

The perimeter of Tempe is enclosed by freeways including I-10, S.R. 202 Red Mountain, S.R. 202 San Tan, S.R. 101, S.R. 143, I 10 and U.S. 60 which divides the center of the city from east to west. The City of Tempe is an urban core city with Arizona State University at its center. Tempe has approximately 1,203 miles of arterial roadway, providing major corridors for workers commuting throughout the metropolitan Phoenix area. Approximately 30,000-50,000 vehicles commute each day on the arterial roadways and 400,000 vehicles each day on the freeways throughout Tempe. This relates to thousands of miles of travel each day in Tempe.

Light rail continues to see an increase in annual ridership with over 14.2 million passengers in 2013. The light rail runs directly through the center of the City of Tempe from its east border to its west border. There are three park-and-ride facilities in Tempe that supply 1,180 parking spaces. These factors increase the chances of collisions with vehicles and pedestrians coming across its tracks which provide its own unique enforcement opportunities. Tempe supports 165 miles of designated bikeway which welcomes further bicycle use.

Tempe also provides a notable night life and hosts hundreds of special events each year with 85 being scheduled in the downtown area in 2015. These events include the Cactus Bowl, ASU athletic games, numerous concerts at Tempe Beach Park, Fourth of July Celebration, Downtown Tempe New Years' Eve Celebration, Ironman Triathlon, PF Chang's Rock-n-Roll Marathon and numerous other large events. Some of these events span two or more days. Most of these events serve alcohol which increases the potential for impaired drivers to enter onto the roadways of Tempe. In addition, the city has 418 active liquor licenses issued to various bars and restaurants within the city. There are also 18 more liquor licenses that are pending approval.

Agency Problem:

The previously mentioned factors have caused a significant traffic enforcement challenge to the police department. It's clear from the included historical traffic data that traffic congestion, including vehicular, pedestrian and bicycle traffic and impaired driving will continue to be a problem, bringing the potential for damage, injury and death to the residents and visitors who traverse the roadways and highways within the City of Tempe.

Agency Attempts to Solve Problem:

The police department has demonstrated its commitment as an aggressive DUI enforcement program by increasing the staffing of the DUI squad to one sergeant and six officers, with the goal that all officers be certified as Drug Recognition Experts (DRE). The police department in the last several years has been awarded DUI related grants that have funded task forces designed specifically to target liquor law and DUI

violations. The Tempe Police Department Traffic Bureau has been involved with the East Valley DUI Task Force for years where local police agencies join efforts to combat DUI violations. Task forces the department has been involved included the annual Holiday Task Force, St. Patrick's Day, Cinco De Mayo, Back to School, July 4th Celebration and many others that coincide with large special events that occur within the city.

Agency Funding:

Federal 405d funds will support Capital Outlay: Three (3) Unmarked DUI Enforcement SUVs. The total amount of funding for this contract will include 75% GOHS 405d funds and 25% 402 funds to enhance DUI Enforcement throughout the City of Tempe.

How Agency Will Solve Problem With Funding:

The Tempe Police Department will implement a system of programs to deter alcohol/drug impaired driving, which will include aggressive enforcement of current laws as well as aggressive prosecution of violators. An important part of this enforcement will be the additional patrols that the three SUVs will allow Tempe police officers to conduct. The Tempe Police Department will provide traffic safety training for enforcement officers, prosecutors and judges to facilitate in the arrest, prosecution and adjudication of alcohol and/or drug impaired drivers.

GOALS/OBJECTIVES:

Federal 405d funds will support Capital Outlay: Three (3) Unmarked DUI Enforcement SUVs. The total amount of funding for this contract will include 75% GOHS 405d funds and 25% 402 funds to enhance DUI Enforcement throughout the City of Tempe.

XI. Equal Opportunity

- A. Pursuant to the requirements of the Federal-Aid Highway Act of 1968 (U.S.C. §103 et. seq.), AGENCY, as a condition to receiving approval of this Contract submitted under the Highway Safety Act of 1966, as amended, hereby gives its assurance that employment in connection with the subject Highway Safety Project will be provided without regard to race, color, creed, sex, or national origin, and that any contract it enters into with any private agency pursuant hereto will include provisions in compliance with this paragraph (XI).

As a condition of receiving approval of this Contract, AGENCY will be subject to and will comply with Title VI of the Civil Rights Act of 1964 and all applicable requirements of the Department of Commerce regulations as adopted by the USDOT, providing that no person in the United States shall on the ground of race, color, creed, sex, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under the subject Highway Safety Project.

1. Cancel, terminate, or suspend, in whole or in part, the agreement, contract, or other arrangement with respect to which the failure or refusal occurred; and
 2. Refrain from extending any further Federal financial assistance to AGENCY under the Highway Safety Program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from AGENCY.
- C. Pursuant to the requirement of Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794), AGENCY must operate this Highway Safety Project so that it is accessible and otherwise non-discriminatory to handicapped persons.

XIV. Minority Business Enterprises (MBE) Policy and Obligation

- A. Policy: It is the policy of the USDOT that minority business enterprises as defined in 49 CFR, Part 23, will have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this Contract. XVI. Inspection and Audit, ARS §35-214

Pursuant to ARS §35-214, all books, accounts, reports, files, and other records relating to this Contract will be subject at all reasonable times to inspection and audit by STATE for five (5) years after completion of this Contract. The records will be produced at the Governor's Office of Highway Safety.

XVII. Appropriation of Funds by U.S. Congress

It is agreed that in no event will this Contract be binding on any party hereto unless and until such time as funds are appropriated and authorized by the U.S. Congress and specifically allocated to the project submitted herein and then only for the fiscal year for which such allocation is made. In the event no funds are appropriated by the U.S. Congress or no funds are allocated for the project proposed herein for subsequent fiscal years, this Contract will be null and void, except as to that portion for which funds have then been appropriated or allocated to this project, and no right of action or damages will accrue to the benefit of the parties hereto as to that portion of the Contract or project that may so become null and void.

XVIII. Continuation of Highway Safety Program

It is the intention of AGENCY to continue the Highway Safety Program identified in this Contract once Federal funding is completed. This intended continuation will be based upon cost effectiveness and an evaluation by AGENCY of the program's impact on highway safety.

XX. Termination and Abandonment

- A. The STATE and AGENCY hereby agree to the full performance of the covenants contained herein, except that STATE reserves the right, at its discretion, to terminate or abandon any portion of the project for which services have not been already performed by AGENCY.
- B. In the event STATE abandons the services or any part of the services as herein provided, STATE will notify AGENCY in writing and within twenty-four (24) hours after receiving such notice, AGENCY will discontinue advancing the work under this Contract and proceed to close said operations under the Contract.
- C. The appraisal value of work performed by AGENCY to the date of such termination or abandonment shall be made by STATE on a basis equitable to STATE and AGENCY and a final reimbursement made to AGENCY on the basis of costs incurred. Upon termination or abandonment, AGENCY will deliver to STATE all documents, completely or partially completed, together with all unused materials supplied by STATE.
- D. AGENCY may terminate or abandon this Contract upon thirty (30) days written notice to STATE, provided there is subsequent concurrence by STATE. Termination or abandonment by AGENCY will provide that costs can be incurred against the project up to and including sixty (60) days after notice is given to STATE.
- E. Any equipment or commodities which have been purchased as a part of this Contract and which have not been consumed or reached the end of its useful life will be returned to STATE upon its written request.
